

UNITED STATES (Including Alaska and Hawaii)

Name _____ Date Distributed _____ Due _____ Period _____

Directions: 1. Label all 50 states, no abbreviations. 2. Label the Great Lakes. 3. Label the Gulf of Mexico, Atlantic, and Pacific Oceans. 4. Label Mexico and Canada (you don't need to color them). 5. Use only 4-5 colors and do not allow states of same color to touch each other (if you mess up, don't worry, just leave it white) 6. Capitalize everything! You do not need to color the bodies of water.

**** Tips:** Be sure to color Long Island, New York correctly, as well as Michigan, the Virginia/Maryland Peninsula, and the Asian/European border.

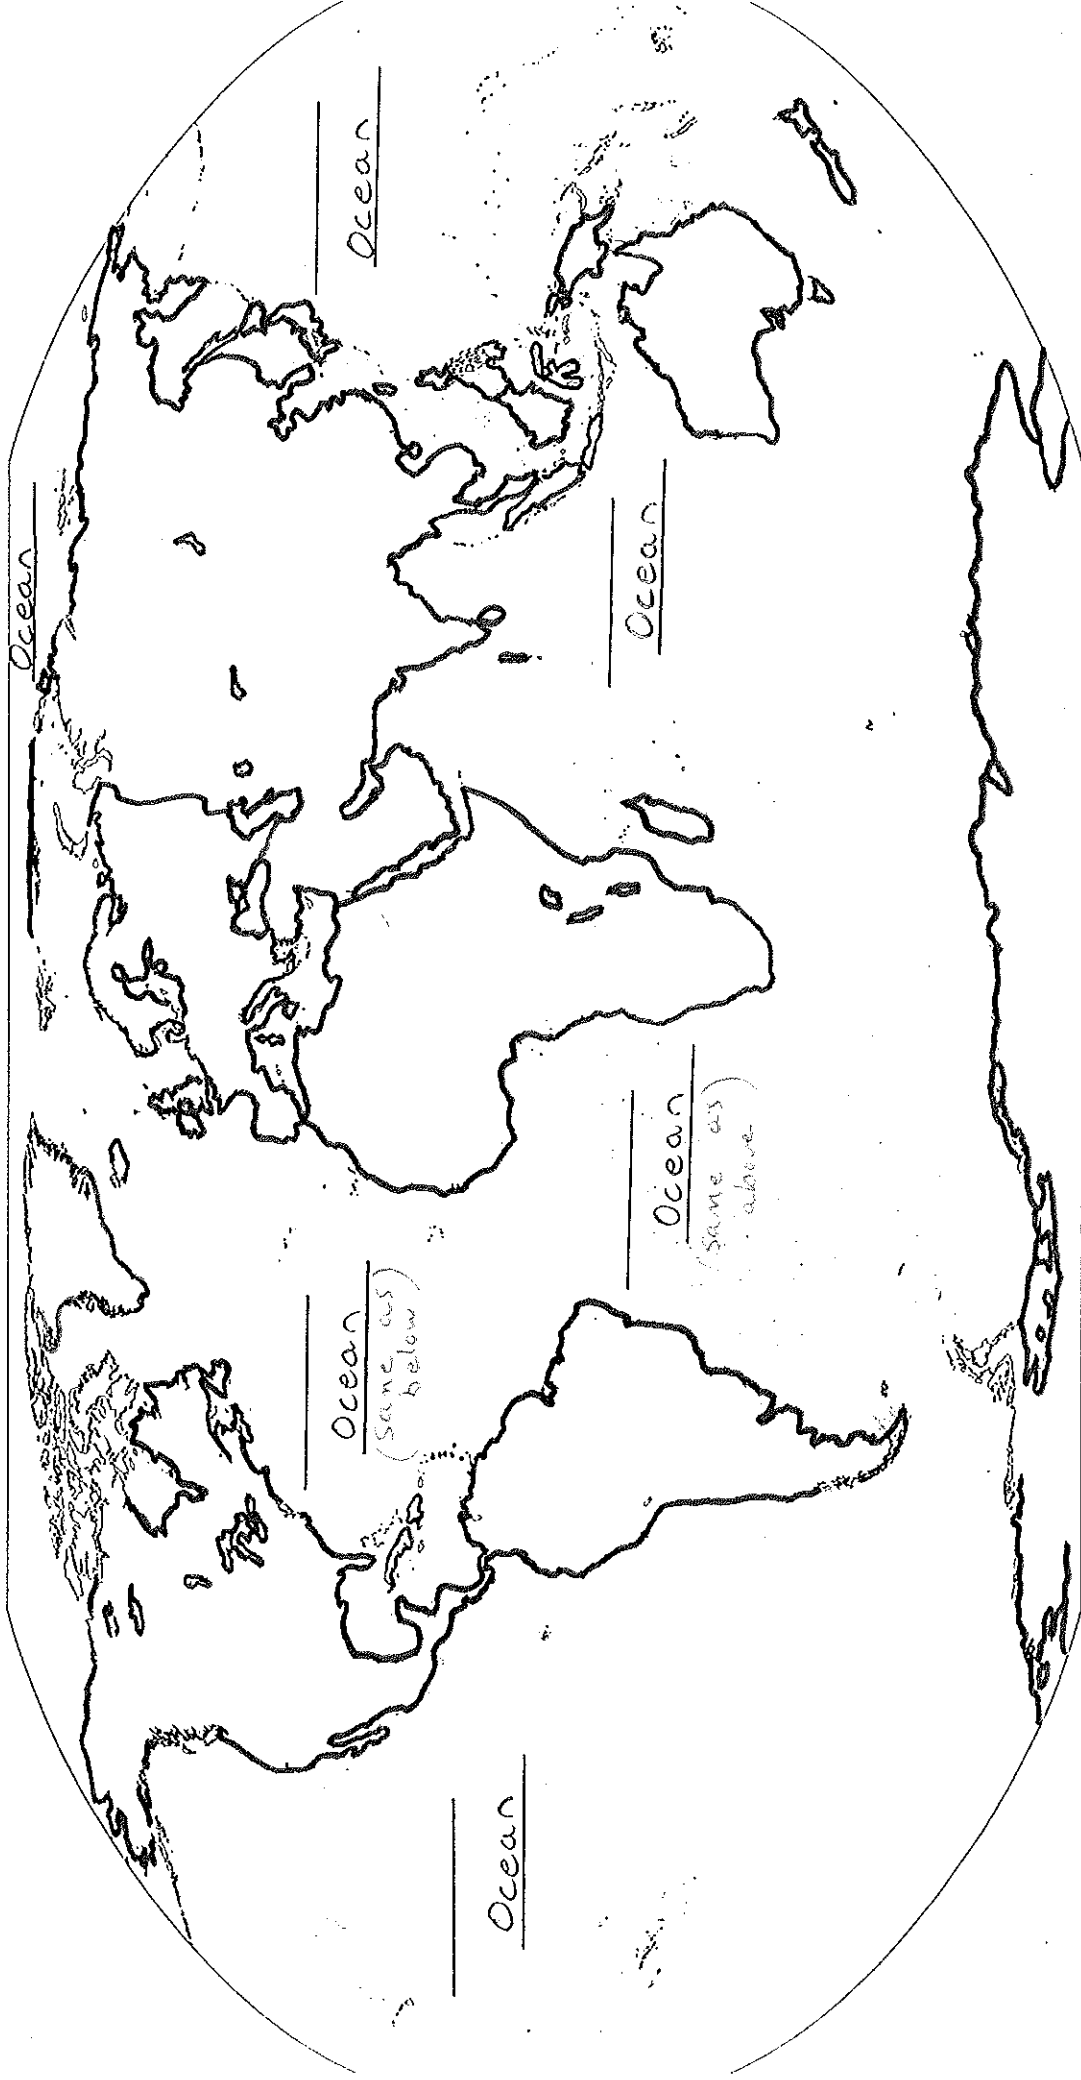

Name _____

Date Distributed _____

Date Due _____

Period _____

Directions: Label the world's 7 continents and 4 oceans. Color the continents 7 different colors. Every piece of land should be colored the appropriate color.
Don't forget to write this ocean ↓
